

The SMi Defence Safety Conference will take place in London on the 1st and 2nd of October 2018.

Featuring high level briefings from senior leaders from 10 nations and covering the broad spectrum of safety across Military Aviation, Land and Maritime, the Defence Safety Conference will aim to reduce avoidable deaths, improve protection of capability and preserve the reputation of those that operate, supply and support defence services.

Additionally, the conference will allow senior military, key international government agencies and industry with responsibility for defence safety to participate, collaborate and share experiences and best practice.

The Defence Safety Authority (DSA) will actively participate in and support this event in London. The DSA seek to enhance capability; it is an independent body, established to undertake the roles of Safety Regulator, Accident Investigator and Defence Authority, operating across the major Defence domains. The goal is to enhance operational effectiveness and reputation by increasing Safety and reducing Defence risk.
