

ShipsKart
Clicked at SEA ~ Delivered at SHORE

ABOUT US

“

A **one-stop B2B supply chain e-commerce solution** for the Maritime, Offshore & Corporate domains.

”

OUR VISION AND MISSION

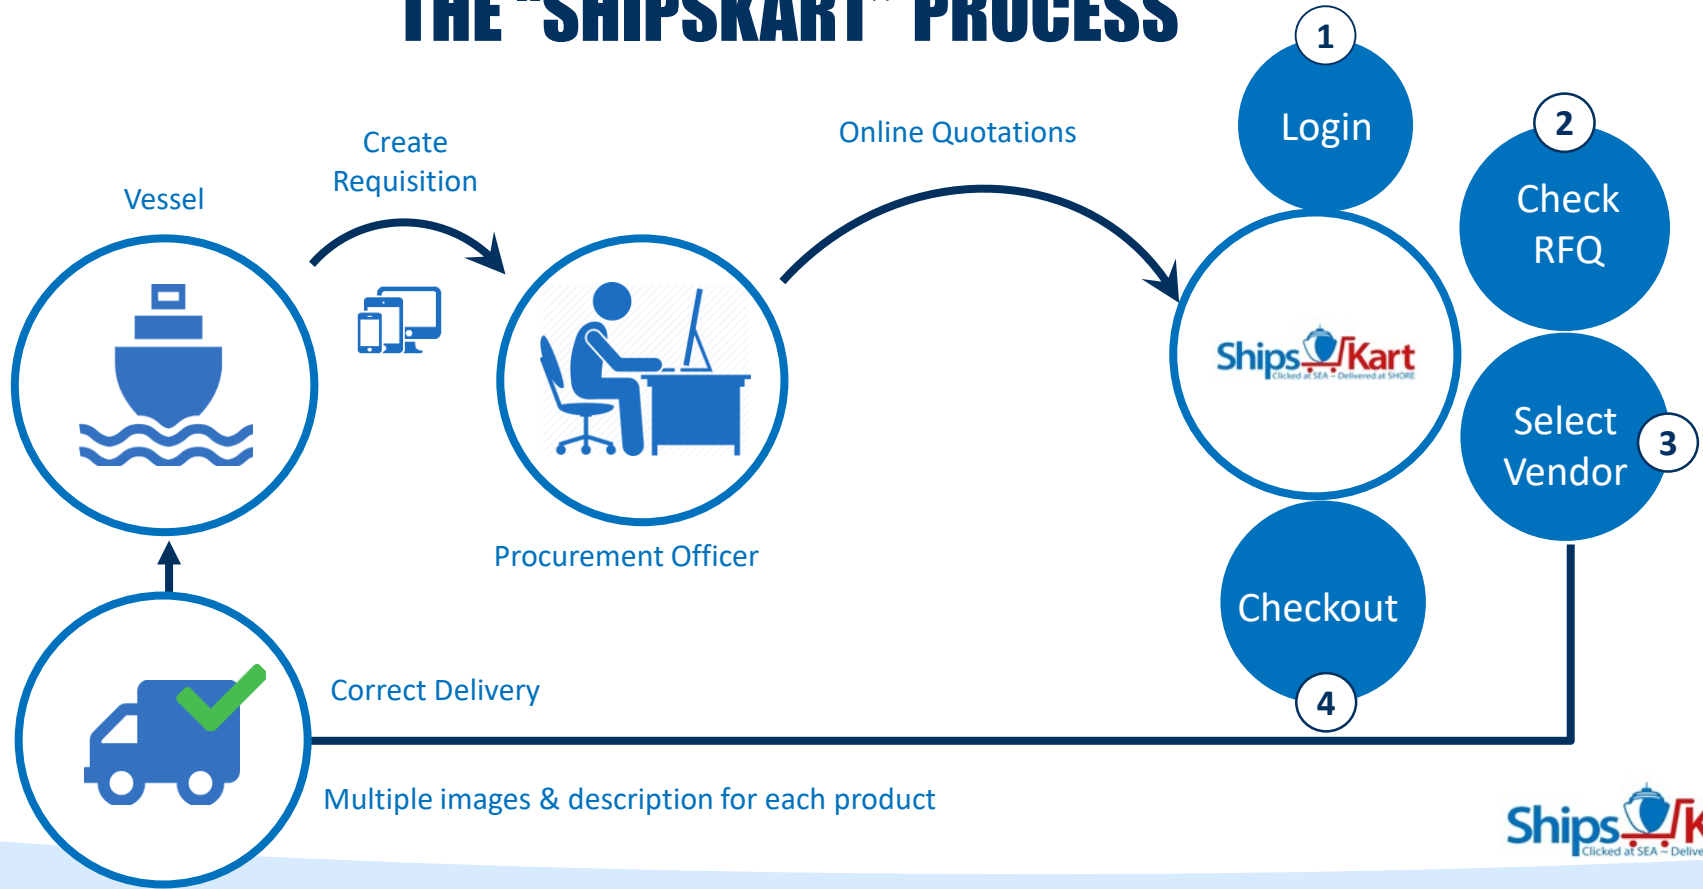

ShipsKart's **Vision** is "to create and curate an integrated, single-stop supply chain aggregation and order fulfilment platform that will deliver proven cost savings, visibly enhanced quality and measurable time efficiency to the maritime and offshore domain."

ShipsKart's **Mission** is to revolutionize procurement/supply chain in the maritime and offshore industry by implementing cutting-edge technological solutions, thus contributing to the seamless and smooth operations of vessels and installations and driving new standards of efficiency and transparency.

THE “SHIPSKART” PROCESS

FEATURES OF SHIPSKART

- **Ready-to-use Cloud based software.** Customisable and adaptable for different work-flows
- **APP based** – works on low internet speed and offline, always available.
- **One Stop Shop** – All vendor information available with a few clicks – history, reviews, scoring, prices, delivery performance, complaint management
- **One Stop Shop** – All client/site information available with a few clicks – history, ordering patterns, complaints, cost-trends, comparisons with other sites/clients
- **Customised reports** – that generate various analyses and permit comparisons
- **360° visibility** of every workflow
- Clients/Sites/Office/Vendors/Logistics on one platform
