

10 Most Dangerous Drinks In The World

Have you ever wondered what might happen if you drink an alcohol which has snake venom in it? or a drink which is preserved by a dangerous scorpion? We all love to get intoxicated especially on weekends after a week of hard work and then spend a whole Monday trying to come out of the colossal hangover. However, there are alcoholic drinks which are meant to intoxicate you to such an extent that you will take days to come out of the intoxication.

Here Are 10 Drinks That Will Melt Your Brain In The Wrong Way

1- Absinthe

Made out of wormwood and anise, this drink has an alcohol content of 45%-74% and made people go crazy in 19th century. Known as the brand diplomat of illegal drinks, it got banned in 19th century but a change in liquor rules lead to revival of Absinthe and is one of the most dangerous drink in the market.

2- Everclear

A drink which has 95% alcoholic content, it will surely send you to the emergency room. It is banned in most of the countries as one drop of it is sufficient enough to intoxicate you for hours.

3- Scorpion Vodka

This Russian vodka has close to 40% alcohol content but what makes it unique is that a full-length scorpion is used to preserve it. The scorpion is edible and this drink is generally used as an aphrodisiac in south-east Asia and for therapeutic uses such as back and muscle pain.

4- Three Lizard Liquor

This drink which originated in China and Vietnam is stuffed with 3 lizards and it is believed that one sip of this drink will drive away evil spirits as lizards are a source of power and are capable of repelling evil spirits and are hence consumed by the masses.

5- Purple Drank

It is a mixture of prescription-strength codeine and promethazine cough syrup flavored with something sweet, like Sprite or Jolly Ranchers. The drink might sound amazing but has led to many deaths notably of Dj Screw and others.

6- Four Loko

This extremely dangerous drink might sound low on alcohol content with only 8-10 % but what makes it dangerous is the amount of caffeine which is added in it- an equivalent of 5 cups coffee. This drink has led to several hospitalizations as a drinker never get to know how much he is drinking due to caffeine added in it.

7- Seagull Wine

This drink was invented by Eskimos to escape extreme cold. It involves mutilating a seagull, chopping it into pieces and then leaving it in the bottle to ferment.

8- Moonshine

One of the most dangerous drink, it has the capability to make a person blind and land him in hospital. It's illegal in most of the countries.

9- Snake Wine

This deadly rice drink which originated in Vietnam has a snake in it and too very poisonous. The ethanol zeroes down the effect of venom and gives it a distinctive taste.

10- Liquid Cocaine Shot

A mixture of Bacardi 151, Goldschlager and Jagermeister, this shot is capable of making your head swirl like a freebie and make you stumble down.
